Procedure

The following steps should help guide the Beaver in achieving their requested Personal Achievement badge.

1. The Beaver will decide what achievement badge to work towards with the guidance of their parent or guardian.
2. Personal Achievement Template located at: <http://www.scouts.ca/wp-content/uploads/bs/bs-pab-template.pdf> will be completed by the Beaver with the help of a parent/guardian or scouter to set goals to be achieved.
3. These goals will go home with the Beaver and will be worked on with their parent/guardian.
4. Once the goals are completed the Beaver will sit down with a scouter and they will review the goals together.
5. Upon completion the Beaver will spend a few minutes talking to the Colony about what they have learned.
6. A badge will be granted before the end of the meeting.
